Inglewood Park Redevelopment Project: Phase 2 Coming Soon

The Inglewood Community League Board is excited to announce that fundraising for Phase 2 of the park redevelopment is now moving forward! Phase 2 is about building a spray park beside the completed phase 1 of the playground next to the community hall. The League will be fundraising for the Spray Park this fall.

BACKGROUND

In 2013 and 2014, discussion took place with residents, League neighbours, supporters, and the City of Edmonton, about redeveloping the Community League's park. This feedback supported volunteer efforts to pursue an overarching park redevelopment. The plan developed through this discussion is shown below. A project of this scale required the League to look at a step-by-step approach to completing this work!

PHASE 1: PLAYGROUND

Our new playground celebrated its grand opening in June 2017. It features new equipment, new rubber surfacing, a large shelter, bike bumps, and extra benches and picnic tables. Completion of phase 1 was made possible by many passionate volunteers led by Inglewood

Community League Board Member, Jaki Campeau, who backed the vision and creation of a fun safe space for all Inglewood residents, young and old.

PHASE 2: SPRAY PARK

With the final touches of phase 1 being addressed, the League is getting ready for fundraising for the next phase - the addition of a Spray Park! This feature was highlighted as one of the main attractions Inglewood residents wanted within their community. As a part of preparing the league grounds for phase 2, the former rink shack – the older wooden building near the new playground – will be demolished. This will allow for the Spray Park to be built beside the new playground, enhance sight lines around the grounds to improve safety and security for all users, and provide space for a larger spray park.

Stay tuned for Inglewood Community League events and activities that help raise funds, share information, and engage residents on the Spray Park concept!
